Please comment on SWOC Analysis:(250 Words)

Strength:

1. Extremely dedicated, motivated and qualified teachers who always try to maintain and upgrade the academic standards of the College.
2. The teachers ensure all the cross-cutting issues like gender, ethics, and value based educations etc. through the successful delivery of the curriculum and through co-curricular activities.
3. Special attention is provided to students who are first generation learners in form of tutorial and remedial classes; slow learners are also taken care of through teacher-student close interactions and Mentor-mentee activities.
4. Fully digitized library and reading room with hi-speed internet facility enhances opportunity for academic and other pursuits within and beyond curriculum.

Weakness:

1. Shortage of class rooms and lack of space is detrimental to run PG courses and engage students in various personal and professional activities.
2. As the students are mostly first-generation learners, there remains a very low level of understanding regarding the importance of higher education on part of the guardians; often the students are found to be engaged in earning measures apart from study which often proves to be demotivating for them towards higher studies.
3. Poor student-teacher ratio is an obvious weakness. Numerous problems have been faced concerning the newly opened departments like Computer Science, Geography and Physical education.
4. Absence of a suitable playground at the College campus.

Opportunities:

1. The benefit of funding received from component 6 of RUSA 2.0 is an obvious opportunity for the College to develop academic, administrative and infrastructural facilities.

Email: nvcollege1942@gmail.com Website: <https://nvc.ac.in/>

2. The introduction of the CBCS along with the implementation of Continuous Internal Evaluation (CIE) and remedial/ tutorial classes enhanced the opportunities for successful curriculum delivery at various maxims.
3. Successful curriculum delivery and addressing all the cross-cutting issues have opened various opportunities to achieve various programme and course outcomes in field of ability enhancement, skill enhancement, discipline specific understanding beside acquiring knowledge from core courses.
4. A handsome number of enrollments of the girl students at the college enhance more opportunity for women education.

Challenges:

1. The College is situated at a semi-urban location where most of the students who are first-generation learners, are coming from rural background. To motivate the students to higher studies and help them to get career opportunities is obviously a challenge to the Institution.
2. Generation of funds from non-government sectors is a serious challenge to the development of the academic and infrastructural facilities.
3. Particularly in the area of internal resource mobilization, the new education policy (NEP) is emerging as a new challenge to the institution.
4. Being situated at a place far from the Metropolis, it is a challenge to interact with the placement cells of different companies and enhance career opportunities for the students.

Best Practice (s) /Innovations of the Institute: Students' Appreciation Day

Nabadwip Vidyasagar College, every year in July, holds the "Students' Appreciation Day". In order to acknowledge the students' performance, certificates and memento are handed over to them. Students who took part in extra-curricular activities at the State and National level, Sports, N.C.C., N.S.S. and other cultural activities are also felicitated.

- The awards of appreciation are sponsored by the College itself. The function highlights all the achievements of all the activities. The Principal leads the function with a thanksgiving prayer followed by the presentation of tokens of appreciation.
- Since the number of students excelling in various events is increasing day by day, the college is facing the problems of allotting funds for this purpose.
- The College is thinking to get sponsorship in order to tide over the fund crunch.
- Teachers have been suggested to provide some fund so that this practice runs smoothly and spontaneously.

Future Plans of the Institute: (250 Words)

- To initiate the introduction of certificate courses.
- To initiate Faculty exchange program in different departments with more colleges.
- To create and fill up all the substantive teaching posts as per proposal.
- To ensure a better platform for collaborative and independent research among the teachers and students
- Encourage inter/intra cultural and sports activities among the students.
- Introduction of Yoga center and Indoor game facilities.
- To introduce a Rain water harvesting unit.
