Students are badly affected by the COVID-19. This webinar spread awareness among the students about COVID-19 disease and related infection control practices. The students are now able to explain the Coronavirus, take precautions, make others aware, identify symptoms and follow guidelines prescribed by the World Health Organization and Indian Council of Medical Research. A webinar was organized on Student Awareness Webinar on Covid 19 by the department of Zoology with the collaboration with IQAC of Nabadwip Vidyasagar College on 24 th June 2020. The speaker of this webinar was Mr. Souvik Ghosh, Senior Area manager, CPC Diagnostics Pvt Ltd.

"Active matter: A theorist's overview" by Dr. Aparna Baskaran

Nabadwip Vidyasagar College | Department of Physics,

Aparna Baskaran is presenting

Story 1 : Self-assembly of a vesicle

- Self assembly : Added stuff to water and watched
- The mathematical framework : Statistical Physics
- Fundamental quantity - Free energy

Lecture , Nabaswip Vidyasagar College, July 2020

Active matter : A theorist's overview

Dr. Baskaran talked about Active Matter which covers a huge range of length scales from the macroscopic school of fish and flocks of birds to bacterial colonies and migrating cells. She described it as pedagogical and telling a story mostly through movies. Finally, she showed how one can model Active Matter mathematically to predict its properties.

Patron: Sri Biman Krishna Saha, President of the Governing Body, Nabadwip Vidyasagar College

Chairman: Dr. Swapan Kumar Roy, Principal, Nabadwip Vidyasagar College

Co-ordinator, IQAC: Dr. Bhaskar Chatterjee, Assistant Professor, Department of Chemistry, Nabadwip Vidyasagar College

Speaker/Resource Person:

- DR. SHNAOLI CHAKRABORTY ACHARYA**
M.A. (English), M.ed, Ph.d (Education)
Assistant Professor
Department of Education
West Bengal State University
Barasat, Kolkata- 700126, West Bengal
Theme - Student Support System and the role of Higher Education Institutions.
- DR. SAMBIT KUMAR PADHI**
Assistant Professor
Department of Education
Guru Ghasidas Central University
Bilaspur, Chhattisgarh
Theme - Changing Identities in Higher Education

on Google Meet
Host - Pujasri Chakraborty

Organising Secretaries:
Sri Dipanjan Ghosh (Secretary, Academic Council NVC)
Smt. Purnoti Chakraborty (Department of Education, NVC)

Technical support -
Sudipta Mondal, Subhojit Sen, Ripan Mondal.

The Nabadwip Vidyasagar College, Department of Geography in collaboration with IQAC hosted a one day State Level seminar and Webinar on Covid 19 pandemic and Environment. The webinar was conducted in an online mode via Google Meet and streamed on Youtube, was attended by numerous participants. The respected guests for the day was Dr. Swapan Kumar Roy, Principal of Nabadwip Vidyasagar College. Shri Biman Krishna Saha, President of The Governing Body. The honorable guests laid a wreath at the portrait of Vidyasagar and then delivered the welcome motivational speech for the partakers. The occasion was graced by Dr. Abarna Mukherjee Associate professor, Ranaghat college, Ranaghat, West Bengal; , Dr. Arijit Majumder, Assistant Professor, Department of Geography, Jadavpur University. Dr. Abarna Mukherjee shared valuable thoughts on the topic of "Social distancing isn't enough. The devastation needs to be distanced". Dr. Arijit Majumder enriched everyone with his presentation on "Is pandemic a catastrophic form of homeostasis?" It was a wonderful opportunity for them all to discuss different aspects of modern challenges with one another and acquire a great contrast of knowledge. Finally, the webinar was concluded with a vote of thanks.

Cyber Security is a very important affair now-a-days as everything is digital now. In our webinar, the eminent speakers focused on various kinds of Cyber Crimes which are unique by nature. He also discussed various measures to combat these kinds of crimes. Another speaker put light on the very basic concepts of Cyber Security. Almost 220 people attended the webinar and there was a productive Question-answer session between the speakers and participants.

The Dept. of Political Science, Nabadwip Vidyasagar College was all set with huge energy and interest to organize a State Level Webinar on a very pertinent issue Sino-Indian Relation in the Aftermath of Covid-19. India and China are two major nations in Asia. Despite the famous tagline ‘Hindi-Chini bhai bhai’ we have seen several attacking steps from the end of China on LAC. Although in spite of such frequent border disputes both the neighboring countries have sought economic cooperation with each other. But the recent skirmish between India and China in the Galwan Valley on June 15, 2020 marked a sour turn in Sino-India relations which made this topic more significant for discussion. In this Webinar we had two eminent speakers. First Speaker was Dr. Biswanath Chakraborty, Professor, RBU and second one was Dr. Kalyan Kumar Sarkar, Associate Professor, Kanchrapara College. Both the speakers delivered their presentation very nicely. We had more than 150 participants. Fifteen minutes were allotted for interaction after beach session. Participants shared their valuable observation, comments and asked their quarries in the interaction session. After the completion of the webinar the participants sent their valuable feedbacks as well and e-certificates were sent to participants for their participation.

National Webinar on
Quantum Synchronization

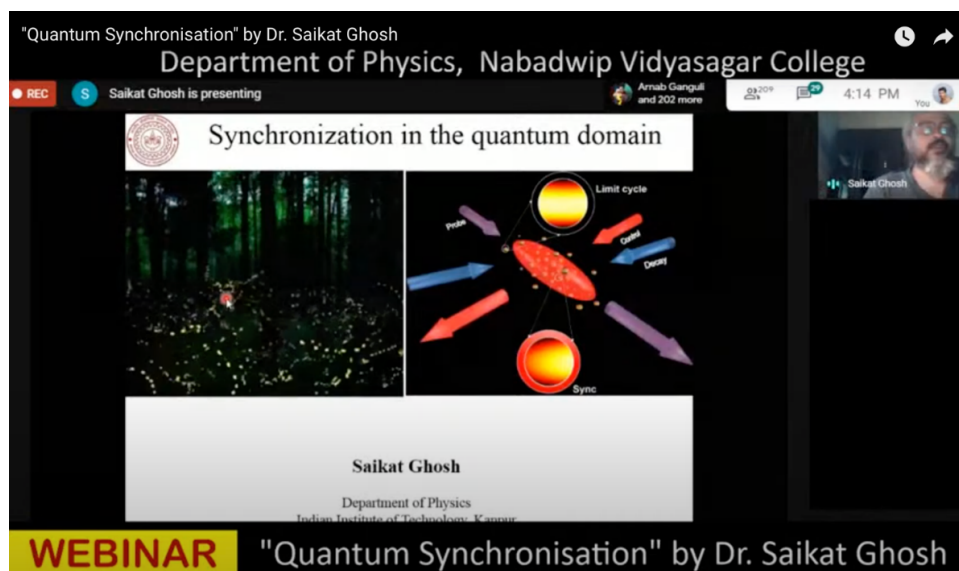

Speaker

Dr. Saikat Ghosh
Associate Professor,
Department of Physics
IIT, Kanpur

Technical Support
Dr. Nirmalendu Ganai (nirmalendu@nvc.ac.in)
Sri Sudipta Modak (sudipta@nvc.ac.in)

In this webinar, Dr. Ghosh discussed two seemingly disconnected but well-studied topics and showed how they can be connected to observing a new physical effect. The first topic is a physical effect called synchronization, widely observable in nature everywhere and all the time. The second topic is related to the quantum world, where things behave very differently than what we see in our surrounding life. Recently, such quantum world behavior is also being actively used in building quantum computers and quantum communication devices. This has led to a new field of quantum technologies. After introducing these two

topics, he discussed how synchronization can also occur in the quantum world and what are the consequences of such quantum synchronization of spins and atoms in today's cutting-edge technology.

WEBINAR "Why Engineers need Greek Philosophy"

"Panta cho rei kai ouden menei" - everything flows, nothing remains stationary, declared Heraclitus of Ephesus in the 5th century B.C.; lamenting that the state of "being" is impossible in this world where everything is in flux. His near contemporary, Democritus of Thrace disagreed. According to the latter, all change results from rearrangements of atoms while atoms themselves are indeed indestructible; for there are only atoms and void and everything else is mere "opinion". While the stoics and the epicureans are engaged in this eternal debate, Hippias of Ellis, the sophist, and universalist, is busy trying to square the circle and trisect an angle using the curve he discovered called the quadratrix. In this talk, I will show how these

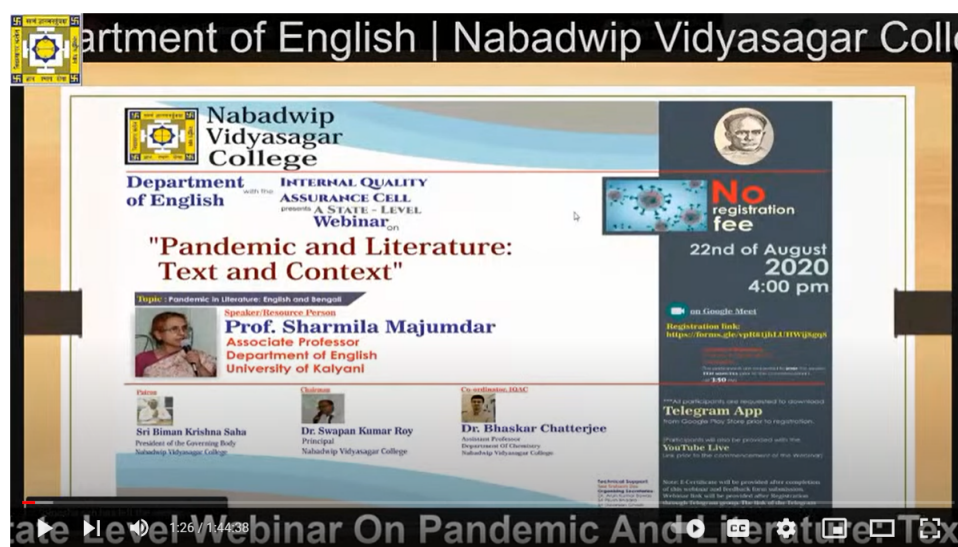

disparate threads come together to explain the behavior of a solid under stress and give us insight into the fundamental cause of rigidity - a question of utmost importance to engineers.

Research of social science involves the systematic investigation of human society, behavior, and culture. This research is essential in informing policy decisions, understanding societal changes, and developing interventions to improve people's lives. However, social science research is not without its challenges and controversies. This seminar report will discuss some of the key issues in social science research. A webinar on social science research was organized by the Research, consultancy and extension sub-committee in collaboration with IQAC of Nabadwip Vidyasagar College on 29.08.2020. Professor Sudipti Banerjee and Prof. Amalendu Bhunia both were present as expert speakers. More than 200 participants were present in this webinar.

To observe the World Environment Day 2021, Department of Environmental Science, Nabadwip Vidyasagar College In collaboration with IQAC arranged a National Level Webinar on 5th June, 2021. The webinar was conducted in an online mode via Google Meet and streamed on YouTube, was attended by numerous participants form the college and beyond. Dr. Swapan Kumar Roy, Principal of Nabadwip Vidyasagar College being the most appreciated guest, addressed all the participants with his valuable thoughts. Representatives of IQAC exchanged their thoughts on the theme of the day. The occasion was graced by Dr. Suwendu Manna, Assistant Professor, Department of health safety and environment, University of petroleum and energy studies, Dehradun. He discussed the topic of “Grey water recycling and reuse”. Throughout this informative interaction participants understood the concept of grey water and also developed views on use, misuse and real value of limited potable water in our ecosystem. Final phase of this session was concluded with a vote of thanks.

The webinar was organized just after the second phase of Covid-19. We were just locked within our house for the last one year. Physical distancing turned social distancing has become our part and parcel of our life. We have even forgotten the faces of our friends and relatives. At this juncture we have decided to do something for the improvement of the mental health of the students and the common people. So we have decided to organize a webinar with famous clinical hypnotherapist and psychotherapist Dr.

AbhedanandaPanigrahi. Mr. Panigrahi has changed the level of energy of the participants. All the participants enjoyed the talk a lot. He has gone beyond his lecture as he has conducted a rejuvenating online session of meditation.

2019: COVID-19

World	India
• Confirmed cases: 20,77,84,507	• Total Cases: 3,22,84,857
• Total Deaths: 43,70,424	• Total Deaths: 4,32,519
• Total Vaccine Doses Given: 451,95,41,220	• Active Cases: 3,67,415
• New Cases: 4,10,464	• Total Vaccine Doses Given: 56,06,52,030

Speakers were the medical professionals from different departments who have worked at the ground level during Covid-19. They have shared their experience of providing support to the Covid victims. Students and

all the participants have asked different questions during the interaction session and all the keynote speakers have answered the questions as per their domain knowledge. Participants have raised the issue of justification of use of masks in public places. Dr. Snehasis Barman has answered the query. He has also discussed the relative strength of different types of masks such as cotton mask, surgical mask and N-95. We have come to learn about washing our hands properly. Dr. Soma Dutta has explained about the rapid antigen test of Covid-19. Not only that she also told about the availability of test kits in different places and advised about when to take the test. Dr. Soumitra Kumar has talked about the role of vaccination in protecting the further spread of the pandemic. All speakers have supported the use of vaccination and advised the participants to take their vaccination as early as possible. Dr. Sabyasachi Choudhury has talked about the diet during this period. Overall all the participants have agreed that the outcome of the webinar was very helpful during the period of the pandemic. The NSS team has committed to bring all the speakers at college to make it physically once the pandemic is over. We have thanked the group of speakers on behalf of the NSS team and convey our sincere gratitude to all of them.

Yoga in Jain Tradition

- According to Sage Patanjali: "Yoga Chittavritti-nirodhi" — quieting of Chittavritti... thought process to attain the highest union.
- *According to Acharya Hemchandra, yoga means activity (pravrutti) of 3 types:
 - a. activity of mind— Mana Yoga
 - b. Activity of speech—Vachana Yoga
 - c. Activity of body—Kaya Yoga

The Navya-Nyāya or New-logical Darsana of Indian logic and Indian philosophy was founded in the 13th century CE by the philosopher Ganges Upādhyāya Mithila and continued by Raghunath Shiromani of Nabadwip in Bengal. It was a development of the classical Nyāya Darsāna. Navya-Nyāya developed a sophisticated language and conceptual scheme that allowed it to raise, analyze and solve problems in logic and epistemology. It systematized all the Nyāya concepts into four main categories which are perception (Pratyaksha), inference (anumāna) , comparison or similarity (upamāna), and testimony (sound or word; sābda). Pratyaksha (Sanskrit :“that which is before one’s eyes) in Indian Philosophy, perception,the first of the four means of knowledge,or pramanas , that enable a person to have correct cognitions of the world. Pratyaksha is of two kinds, direct perception (Anubhava) and remembered perception (Smriti). Some schools make a further distinction between indiscriminate perception (Nirvikalpaka), in which the distinguishing features are both observed and recognised. Indiscriminate followers of the Advaita (Nondualist) school of Vedanta,for it allows for the liberating perception. And finally ends with a vote of thanks.

In this webinar we learnt about the workflow of single cell sequencing technologies and how this helps to understand the complex immune system and propose new targets for disease treatment. It shows that changes of genome content and epigenetic profiling at single cell level are involved in the pathogenesis of neuropsychiatric disease (schizophrenia, mental retardation), autism, Alzheimer's disease etc. This webinar focuses on the latest advances of single cell genomics, which have led to better understanding of molecular mechanisms of neuronal diversity and neuropsychiatric diseases.

introduction by - Rajan Mandal

Women empowerment refers to the process of empowering women with the necessary tools and resources to take control of their lives, make their own decisions, and have equal access to opportunities. Women empowerment is essential for creating a more equal and just society. A webinar on women empowerment was organized by Women Studies Cell and IQAC of Nabadwip Vidyasagar College on 29th March 2022 from 7:00 PM onwards. Dr. Prasenjit Sarkhel, from the Department of Economics, University of Kalyani and Dr. Anamika Chakraborty, from the Department of English, Srikrishna College, Bagula, Nadia was present as expert speakers in this seminar.

 Tales of Tiger Conservation in India

22nd May 2022, 4pm-5pm

The United Nations has proclaimed May 22 the International Day for Biological Diversity (IDB) to increase understanding and awareness of biodiversity issues. To concede this notion, Department of Environmental Science, Nabadwip Vidyasagar College In collaboration with IQAC structured a National Level Webinar on Observation of International day for biological diversity on 22nd May, 2022. The webinar was conducted in an online mode via Google Meet and streamed on YouTube, was attended by numerous participants form the college and beyond. **Dr. Swapan Kumar Roy**, Principal of Nabadwip Vidyasagar College being the most appreciated guest, addressed all the participants with his valuable thoughts. Representatives of IQAC articulated key information on “**Building a shared future for all life**” as the theme of the day. The occasion was graced by Mr. Sumit Saha, Field Biologist, Satpura Tiger Reserve, Narmadapuram, and Madhya

Pradesh. He expressed his own field experience with his presentation on “Tales of Tiger Conservation in India”. Being an ex-student of the Department of Environmental Science, Nabadwip Vidyasagar College, he inspired and motivated all the students of this college. End of the programme was announced with vote of thanks.

The seminar was inaugurated by our honorable Principal along with the chief patron of our college, Sri Biman Krishna Saha. The seminar was in collaboration with Krishnanagar Women's college and Nabadwip Vidyasagar College as a result of the M.O.U signed by both the colleges. The keynote address in the seminar illuminated various ideas through its discourses and opened the avenue for the audience to think about transgenders, women empowerment and the obstacles in the path towards development.
