## CRITERION-II

2.6.2: Attainment of POs and COs are evaluated.

## **Attainment of POs and Cos:**

- The Institution uses evaluation method as an indicator of student performance. Measurement of PO, CO is done on the basis of the results obtained in the Internal Examinations and University Examinations and also from the enrolment to higher studies.
- The Course Outcomes can be judged at the end of a semester by the course results and the Programme Outcome is obtained by the programme result, when the student has completed all six semesters.
- Programme Outcomes and Course Outcomes for undergraduate courses are also evaluated by the progression to higher education or some professional course by the students.
- Our toppers in all subjects of University Examinations and the successful students in the competitive examinations for admission in higher studies are rewarded by the college. Students of our college securing 1<sup>st</sup> class or appreciable percentage of marks at the UG final level perform well at the PG level also.
- The Students' appearance for different competitive examinations, administrative as well as academic are also considered as evaluative measures.
- A feedback from students regarding the teaching learning process is conducted at the end of each academic session.
